Question 1

What a heck is wrong with **imhist**? Well, it's color is strange...

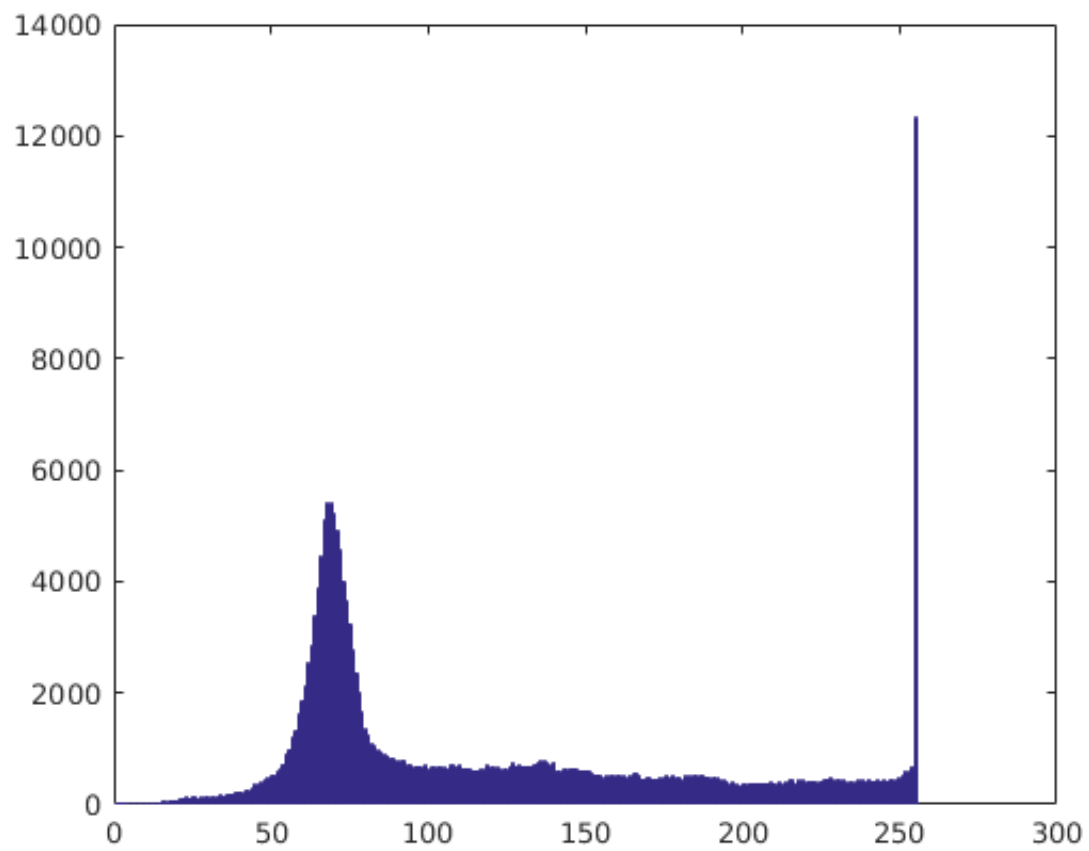

imxist code

```
function imxist(I)
%IMHIST Display histogram of image data.
% write your code here
    h = xist(I);
    bar(h);
end
```

Demo1 : Your Title for Demo1

Your comments for Demo1

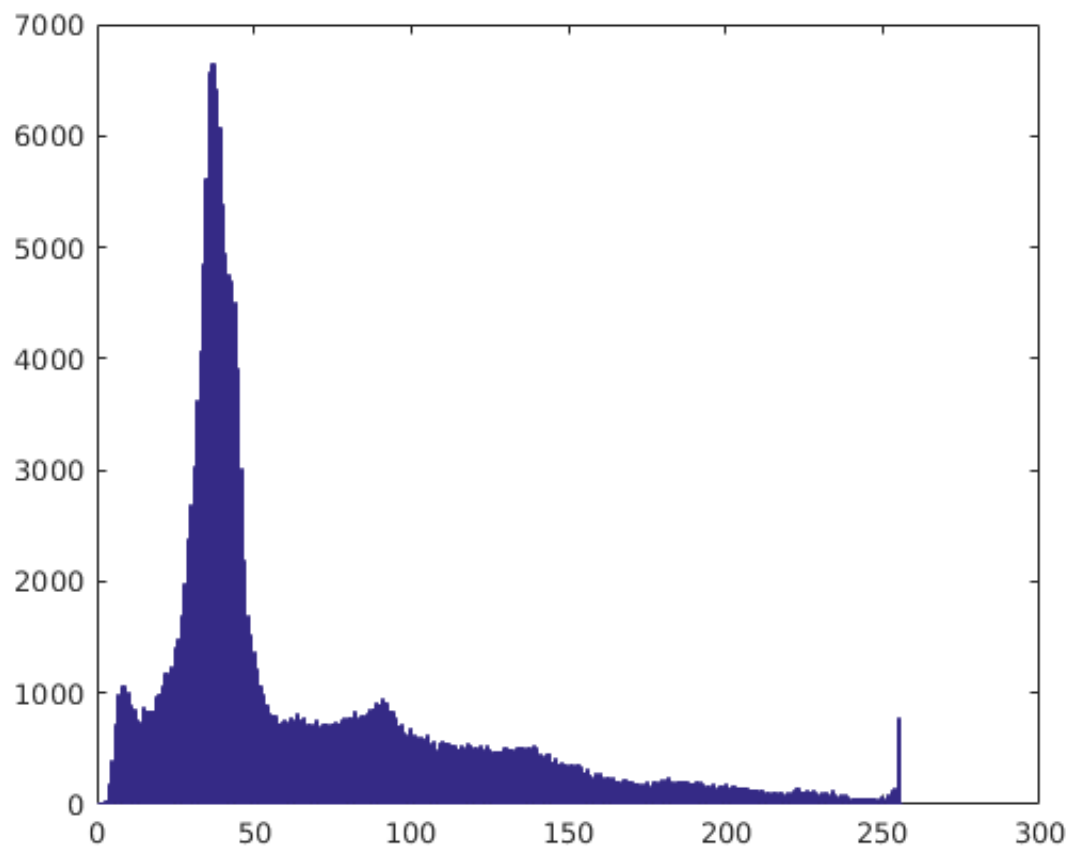

```
A = imread('peppers.png');
imxist(A(:,:,1));
```

Demo2 : Your Title for Demo2

Your comments for Demo2

```
imxist(A(:,:,2));
```

DemoN : Your Title for DemoN

Your comments for DemoN

```
imxist(A(:,:,3));
```
